

## DR. DAN BILLS, D.M.D., M.S.

Dr. Dan Bills is an avid (yet barely competent) golfer, an amateur BBQ aficionado and a loving husband and father to his wife Emily and his daughter Caroline. Dr. Bills received his Bachelor of Arts degree in Biology from Lafayette College and his dental degree from Harvard University, both with Honors, after which he completed a three-year orthodontic residency at the University of Illinois. He is a Board Certified Diplomate of the American Board of Orthodontics and a Fellow of the American College of Dentists. He maintains a state-of-the-art private practice, Innovative Orthodontics, with three locations in Southern New Jersey, just outside of Philadelphia. He is a Clinical Associate in the University of Pennsylvania Department of Orthodontics and is on staff in the Department of Dentistry at Virtua Hospital, and he has been honored as "Teacher of the Year" at both of these prestigious institutions. He lectures regularly at orthodontic meetings, both stateside and abroad, and gives inoffice courses about a variety of clinical topics as well as how to better utilize technology in the orthodontic office.

AREAS OF INTEREST: SELF LIGATION | DUAL ACTIVATION | EMPOWER: PRACTICE MARKETING

Empower is the industry's most complete self ligating bracket system, bringing you choice like you've never had before. This unprecedented array of possibilities inspires you to treat patients your way. Empower puts control back in your hands.

- Unique design options allow you to adapt your treatment philosophies to meet your patients' needs
- Low profile, patient-friendly hooks (optional)
- Empower Clear Reliable bond strength of proven Quad Matte™ base exclusive to American Orthodontics
- Empower 2 Metal Micro-etched Maximum Retention™ pad with photo-etched pockets beneath 80 gauge mesh increases mechanical lock and ensures safe, secure bonds

# Empower® Clear Self Ligating

Clear bracket combines performance with patient-pleasing aesthetics

- Durable, aesthetically plated clip
- Individual color coding and Visual Positioning Aids
- Chamfered slot entrances to reduce wire binding
- Reliable bond strength of proven Quad Matte™ base exclusive to AO

## Empower 2

Metal brackets offer fully interactive, fully passive, or combination Dual Activation  $^{\mathsf{TM}}$  options

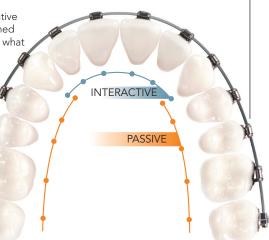

- Precision heat treated chromium cobalt clip
- Micro-etched bonding bases for secure bond strength
- Extended tie wings provide easy tie-ability and allow differential tying

# **DUAL** Activation S Y S T E M

The Dual Activation System is a single, innovative concept with multiple applications - all designed to enhance your treatment philosophy. Here's what you'll experience with Dual Activation:

 The best of both worlds - interactive and passive brackets in one unified system

- Excellent anterior control
- Improved posterior freedom play
- Time saving benefits and ease of self ligation

## PERIPHERALS

#### Sushi Pliers 001-017403

#### Ceramic Bracket Debonding

- High quality American Forged Steel
- Contemporary, sleek design
- Patented Two-tone finish

# gn

#### **EMPOWER INSTRUMENT 678-901C**

#### Opening Instrument

- Single prong tip for opening using gingival tail of clip
- Double prong tip for opening using facial hole or for pressing wire into bottom of slot during clip closing

#### MR1 BANDS 505-000/515-000

#### Maximum Retention Bands

- Photo etched material
- Bright mirror finish
- Reduced interproximal heights

#### **TANZO WIRE**

#### Copper Nickel Titanium Wire

- Polished surface finish
- Preinstalled stops optional
- High resiliency to deformation
- Quality ensured

#### **ELASTOMERICS**

#### Wildlife Elastics

- Top quality latex tubing
- Precision cutting ensures consistent pulling forces
- Latex, Non Latex, and Neon options
