

BLUE RAY 3

MICROFLASH LED

THE ORTHODONTIST'S LIGHT

Distributed By:

BLUE RAY 3

THE ORIGINAL ORTHODONTIST'S CURING LIGHT

The Blue Ray 3 curing light is powerful, customizable, and made specifically for the orthodontist, delivering efficient and dependable curing every time.

POWERFUL CURING

Blue Ray 3 delivers up to 3000 mW/cm² of curing power and is one of the most powerful lights in the industry.

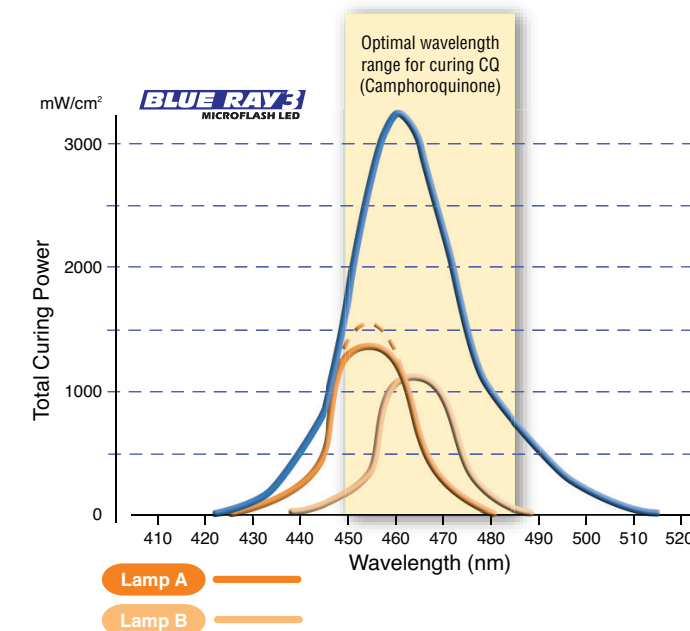

ORTHO FRIENDLY TIMING MODES

Customizable timing options allow one-button curing of a few brackets or an entire arch. Choose 3+3 second mode for high speed curing or 5+5 second mode for extra bonding security.

3-YEAR WARRANTY

Cure with confidence knowing that your Blue Ray 3 is covered by a 3-year warranty on the hand piece, battery, and charging base.

- Available in brushed stainless steel or polished black finish
- Four customizable alert cues, including visual microflash
- Ergonomic, lightweight design for ease of use
- One charge delivers 45 minutes of continuous light, enough for 12-15 patients
- LED light won't lose power over time and emits no UV wavelengths
- Hygienic sealed case
- Power verification window on charging base ensures proper curing power
- Kit includes both molar-shaped and oval eye shields
